

ANGELO'S SOCCER CORNER

This spring make a DRAMATIC difference in how you play!

Shoes are the most important equipment to a soccer player but only the right fitting shoes will make a dramatic difference in how you play!

Badly fitting shoes will cause blisters, discomfort, foot pain and make you prone to injury due to the imbalance in your footing. Worst yet, they will slow you down, decrease your shooting and passing accuracy and diminish your ball control.

At Angelo's Soccer Corner we have over 150 styles to choose from to fit every foot, every taste and budget at every playing level.

Let our knowledgeable staff assist you in finding your best fit, so you can play your next match and the many to follow in total comfort.

This spring make the right choice in footwear and take your game to next level !
